

73-26-502 Analysis of benefits and costs -- Allocation of costs.

The division shall:

- (1) identify the uses and calculate the economic benefits and costs of the developed water; and
- (2) allocate project costs according to the following purposes:
 - (a) municipal and industrial;
 - (b) agricultural;
 - (c) hydropower;
 - (d) recreation;
 - (e) fish and wildlife; and
 - (f) flood control.

Enacted by Chapter 251, 1991 General Session
